3. Supervising the Board of Management by the Board of Directors

As the highest governing body representing the interests of shareholders, during the first six months of 2025, the Board of Directors directed the Company's Director and Executive Board through various forms:

- Participated in and provided guidance during meetings with the Company's Board of Management regarding the implementation of the Board of Directors' Resolutions/Decisions or the orientation of plans and projects prior to their submission to the Board, in order to ensure timeliness, progress, and quality effectiveness.

- Develop the annual business production plan for approval by the General Meeting of Shareholders. Monitor, supervise, and stay informed about the Company's production and business operations, as well as other activities. Additionally, approve the monthly reports from the Board of

management/Company Director submitted to the Board of Directors and review the reports prior to the Board of Directors' meetings.

- The Company Director, along with the Board of management, has implemented production and business activities in accordance with the Resolutions/Decisions and directives of the Board of Directors. The production and business plan, as well as the construction investment plan for 2024, have been developed in compliance with standards and aligned with actual conditions. The Company adheres to and strictly follows the delegation of authority as stipulated in the Company's Charter and legal regulations. The results of the Annual General Meeting of Shareholders in 2025 confirmed the approval of the Company's production and business plan and construction investment plan.

In addition, the Board of Management has demonstrated flexibility in directing and managing business and production activities, with a strong and determined approach in the daily, monthly, and quarterly operation of production. In the production process, priority has been given to ensuring occupational safety and environmental standards. The Executive Board has issued documents within its authority to monitor and control all business and production activities of the Company. It also regularly consults with members of the Board of Directors to implement operations in accordance with the Company's internal regulations and policies.

4. Activities of the Board of Directors' subcommittees

The Board of Directors does not establish sub-committees. The activities of the Board of Directors are specifically assigned to its members, each in charge of a particular area, to review the matters under the Board's authority and issue Decisions and Resolutions in accordance with the assigned areas of responsibility.
